No suggestion

The college should be conduct early in morning and the duration of college should be more

Maths staff sumit duby

Teaching learning process should be through offline mode as it allows face'to face interaction between the teachers and students and student will be able to understand in effective way....

I think WhatsApp is better than other apps

Network speed

WhatsApp

There should be more interaction among students and teachers

Nothing everything is good 👍

No..

Good

Made all section whatsapp groups and upload lesson after offline classes

Very well

Teachers should promote awareness about subject related jobs

Google classroom

Be humble with every student

Offline mode is way better than online teaching

Cleaning

My experience of all the six semesters only rarely 2 or 3 professor are good ,others are only come for Time pass example(all adhoc teacher) they have 0 knowledge about their subject and teaches only white board in the class, no one student can understand them ,. the excellent professor which taught in the class very well , in my all the six semesters are Suresh sir, Raj Kiran mam, deepshika mam., only in my whole semesters this teachers teaches very well. And are very good ,specially Suresh sir of physics.

Nothing 🙄

I have no objection about my teachers and other members

To provide enough study material related to subject

there must no online class further ... as many students lack interest in studies due to online class 🙄

Network issue

More material provided by teacher to students

I think tests should be there in class not surprise but normal test after 1 complete lesson

Proper management of classes and make all the teachers attend the classes accordingly.

Improve system

Focus more on studies than cultural and other activities.

Improve library

Teachers should take tests after the completion of syllabus

As per my choice it's already good

Cover syllabus on the time

No special (online mein phone ki problem hote hai)

All teaching work is good

Online mode is not good for students to learn and clear doubts.

yes

Why online

Thoda paisa college pe bhi lga lo.

Not

They have to put some more efforts

Post videos of topic and then take class.. discussion

This university is just like forest. Nothing is there as compare to other campuses of this branch. Just like Government degree college Jammu or in other we can say that there is no nostalgic study done in this campus. Please get a logical checker here for improving this.

Thanks i, Don't give any blame to any of teacher. I have only say this for the cleanliness of campus.

Everyone know all the teachers are excellent in over college

:

No

Classrooms are very dirty

Only the efforts of a good teacher can help us in online mode.

Some Books are not found in library

If class start and student come late or class is disconnect pls rejoin her/him

....

Motivate students

Abhi sSharma

Network problem

No need to change teaching method

.

Class will be conducted if good network available

Regularly attend your online class

Yes because the sound was not clear sometime getting cut sometime feeling that's why time used to be like this should have changed

Zoom app

Provide daily assignment to students by teachers

Take regular classes by teachers

Good

Asking for doubts if any

Everything is fine

As a teacher it is the responsibility to increase confidence level in students to build up for their goal.

Good teachers

They all are doing their best.

Maths dept.

Cleaning

Need some improvement

Teachers must share screen or provide notes of the topic prior teaching so that student could be able to understand as to what teacher is trying to teach as sometimes due to slow network

voice is not clear and sometimes screen is too not visible

Everything is nice about teaching nothing to change!!

We need practical and effective learning not only degree

Make online classes more interactive

All the things are going very well

Nil

Sem not taken time 6 month only 2 month for one sem

Offline mode is the best. No need to start teaching in online mode as it affects student's personal and professional growth.

teacher should give their efforts towards student welfare

No anything

Yes

Improve administrative responsibilities

no

We should take exam timely

There should be chance for students record or screenshot of the material to go through it during preparation of exams

In this college , the main problem is the lack of sports facility , lack of interaction sessions , no canteen lack of good books in library , and the time table of classes because every time syllabus is not covered for the final exams . And that's why we are lacking behind the success.
